Purpose and Background

Women are increasingly seeking to continue participation in sports, such as netball, throughout their pregnancy. There are many positive outcomes from continuing physical activity during and after pregnancy, however as maternal and foetal responses to exercise can vary with pre-gestational maternal fitness levels, co-existing medical conditions and/or pregnancy complications all women are encouraged to seek individual medical advice before participating.

Goodna Netball Association is committed to providing an inclusive sporting environment for pregnant women involved in netball. **Goodna Netball Association** expects everyone who is bound by this Policy to treat pregnant women with dignity and respect and to remove any

unreasonable barriers to participation in our sport that disadvantage them. **Goodna Netball Association** will not tolerate any unlawful discrimination or harassment against pregnant women or women who may become pregnant.

Goodna Netball Association will take reasonable care to ensure the safety, health and well being of pregnant women and their unborn children. **Goodna Netball Association** will advise pregnant women that there may be risks involved, and encourage them to obtain medical advice about those risks. Pregnant women should be aware that their own health and wellbeing, and that of their unborn children, are of utmost importance in their decision making about the extent and manner in which they participate in netball.

Policy Statement

Goodna Netball Association is committed to providing a safe and enjoyable environment for all its members, including pregnant players. **Goodna Netball Association** encourages all pregnant players to discuss their decision to continue playing during their pregnancy with their medical practitioner.

Applicability

This policy applies to **Goodna Netball Association** and persons identified in Member Protection Policy Clause 3.

Definitions

Descriptions of some of the types of behaviour that could be regarded as pregnancy discrimination or harassment are provided in the Definitions section at (Clause 20) of the **Goodna Netball Association** Member Protection Policy.

Legislative Requirements

In Australia, Commonwealth, State and Territory legislation exists in relation to discrimination. This anti-discrimination legislation makes it unlawful to discriminate against a female on the basis of pregnancy, subject to specific exemptions.

There are a number of legal issues to be considered regarding the participation of pregnant players including providing reasonably safe playing environments, privacy of the pregnant participant and responsibility of the pregnant player for inherent and obvious risks.

Procedure

If any person feels they are being harassed or discriminated against by another person or organisation bound by this Policy, please refer to the complaints procedure outlined in the **Goodna Netball Association** Member Protection Policy- Part G (Complaint Handling Policy).

This will explain what to do about the behaviour and how **Goodna Netball Association** will deal

with the problem.

We encourage all pregnant women to consult with their medical advisers, make themselves aware of the facts about pregnancy in sport, and ensure that they make informed decisions about participation in particular sporting activities. Women will not be required to undertake a pregnancy test.

The following guidelines may assist Region/ Associations/Clubs when a pregnant player is involved:
